## ABOUT THE SCHOOL

The primary role of Argyle Secondary School is to assist students in the ongoing process of becoming thoughtful and capable of making independent and informed decisions. The school strives to produce high-achievers and form well-rounded individuals. Educational goals extend far beyond the classroom by ensuring students emerge from the school as mature, successful graduates with knowledge of the world and Canada's cultural heritage. Students graduating from Argyle are endowed with the skills necessary to function in and adapt to a changing world.

# COMMUNITY PROFILE

The upper third of the North America's largest island is unspoiled and largely undiscovered, yet it's just a short trip from Vancouver, Victoria, and Seattle. The area also stretches past the shores of Vancouver Island to include Broughton Archipelago, BC's largest marine park, and magnificent Knight Inlet. The natural scenery and wildlife are some of the best in all of Canada. It is truly paradise for those looking to experience the best that Canada has to offer (both on land and in the water)!

Population: 300,000  
Nearest Major City: Vancouver, BC  
Temperature Range: 1.1°C to 22.7°C

## ABOUT THE SCHOOL

Handsworth's mission is to maximize the potential of all students' human endeavors - intellectual, cultural, social, aesthetic, creative, and physical. Low student to teacher ratios ensure students are cared for with an individualized approach and teachers encourage students to understand the relevance of their education within a larger social and global context. They believe in developing self-esteem, emotional well-being, a respect for others, a desire for life-long learning, and a strong career awareness in a climate that promotes responsible learning. Students graduate with the skills and confidence to join some of the top colleges and universities in Canada and North America.

## ABOUT THE SCHOOL

Mountainside is a supportive educational community committed to providing students with opportunities for individualized, innovative, and transferable learning experiences that encourage the development of the whole student. The school focuses on modern, non-traditional approaches to education to keep students engaged and interested in learning. Their methodology has paid off with great success. Student achievement at Mountainside continues to surpass goals and previous achievements each year. Mountainside offers a strong, adaptive path for students to achieve the goals they set for themselves.

## ABOUT THE SCHOOL

The Seycove community strives to engage its members in opportunities for collaborative innovation and learning to build and maintain purposeful connections and relationships, and to create a safe environment in which to develop citizens of integrity. At Seycove, students are urged to follow the rules of C.L.A.S.S. - Consideration, Leadership, Achievement, Sportsmanship and Scholarship. This is achieved through the support and cooperation of staff, students and community. The school routinely ranks among the highest in the area in terms of test scores and graduation rates.

## ABOUT THE SCHOOL

As a comprehensive high school, Sutherland offers courses that lead students to graduation and post secondary aspirations. Sutherland also offers a number of programs that are unique to the school, district, and the North Shore. One of the aspects of the school that makes it most successful is that it is a place where students want to be. The culture of Sutherland is that it is a caring, inclusive environment where students feel they belong. This leads to students who excel in the classroom and graduate from the school ready to move on to university. Graduates from Sutherland attend the best universities in the country.

## ABOUT THE SCHOOL

At Windsor, the atmosphere aspires "to be a vibrant learning environment where individuals respect and encourage each other to develop the competencies to thrive in a rapidly changing world." The staff, students, and community all contribute to ensuring this goal is met. One of the great aspects of the school is the variety of experiences available to the student body. French Immersion, Academies, and a rich offering of courses allow for an exploration of a multitude of areas of interest over Grades 8 through 12. Alongside all this are the many extracurricular opportunities available!
